Art Unit: 2753

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 23-27 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

There is no antecedent basis in claim 23, (thus claims dependent thereon), lines 16-17, for "the selected audio signal" and in claim 27, line 5, for "the bit stream".

Also, in claim 23, line 7, "original signal" should be --an original signal--.

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 23-30 are rejected under 35 U.S.C. 102(b) as being anticipated by Dakin et al.

Note the figures and columns 4-8. Note that associated audio and video signals are recorded together sequentially, thus in sequential "sectors". Note the plurality of audio signals from which one is selected for presentation with the video signal and the indicating information 88 located "in front of the audio information."

5. Applicant's arguments filed 5/30/00 have been fully considered but they are not persuasive.

See the restatement of the rejection, *supra*.

Art Unit: 2753

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
